Why Run Your Retail Business on NetSuite?

Today’s consumers are more demanding than ever. They want to shop whenever and however they please through any channel—without sacrificing choice, convenience or price. Establishing an effective omnichannel strategy can deliver substantial and tangible results for your retail business.

Forrester Research estimates that on average, cross-channel shoppers spend 30% more than single-channel shoppers.

NetSuite is the only cloud business software suite that brings together every step of a multi-channel, multi-location retail business—POS, ecommerce, CRM, marketing, inventory and order management, and financials. Only NetSuite gives you real-time visibility into your entire retail operation, accessible from anywhere at any time. With NetSuite, you get a single view of the business across all channels, ensuring that your customer, order, inventory and financial information is always up to date and that you deliver the personalized experience your customers expect across every touchpoint.

Deliver a Superior In-Store Experience

NetSuite meets the in-store retailing needs of multi-channel retailers with a modern POS solution that enables you to streamline and accelerate the transaction process, while also delivering personalized customer service. With a 360-degree view of the customer and enterprise-wide, real-time inventory visibility, NetSuite provides the omnichannel capabilities required to easily deliver a unified shopping experience and build strong customer loyalty.

Deliver Seamless Cross-Channel Functionality

Support cross-channel processes such as buy online/pickup in store, buy online/return to store and order in store/fulfill from anywhere. NetSuite’s single commerce platform enables you to bridge the gap across channels and satisfy today’s consumers.

Get Closer to Your Customers

With NetSuite, you get a 360-degree view of each customer so that you can deliver personalized service, build customer loyalty and provide a relevant, engaging shopping experience with your brand. See their purchase history and communications with your company and whether they interacted with your brand online, at a brick-and mortar store location or with a sales representative. Provide personalized marketing to your customers based on their purchase history or demographics. Offer customers self-service options to view their online purchase history, reorder and find answers to their questions 24/7.

Engaging Ecommerce Experiences Across All Devices

NetSuite makes it easy to deliver a personalized and engaging experience to your customers online with any device—desktop, smartphones and tablets, using our SuiteCommerce platform. Build a high-impact web store from the ground up with simple-to-use tools, or simply integrate your existing site. A full featured

- Drop shipment/special order
- Integrated FedEx, UPS and USPS shipping functionality

Business Intelligence

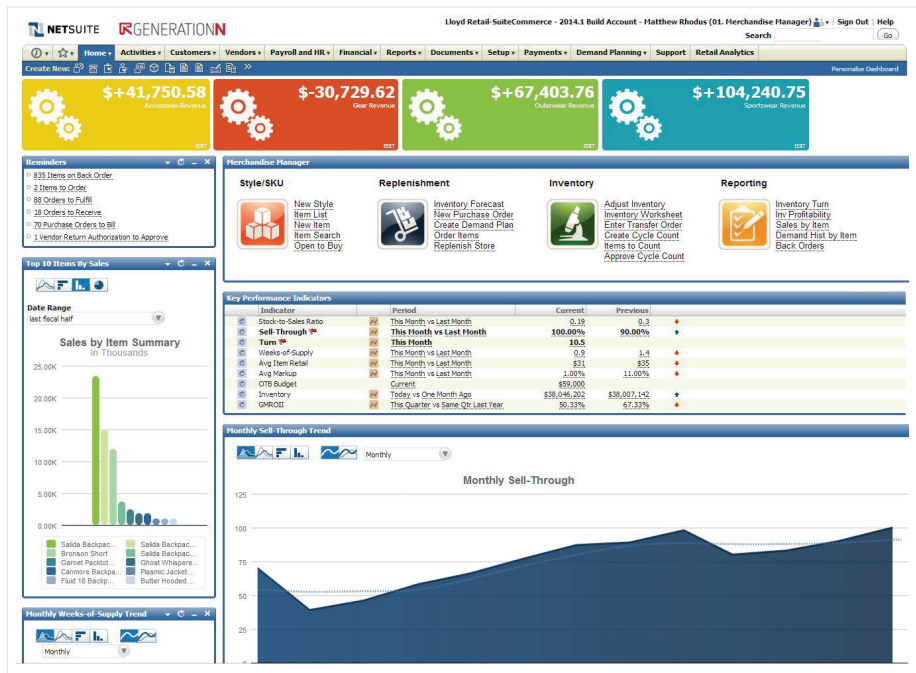

- Single data source from all channels.
- Analyze results and identify trends in channels, suppliers and customer behavior.
- Gain actionable insights from smarter decision-making organization wide.
- Measure marketing campaign effectiveness.
- Role-based dashboards.
- Real-time key performance Indicators.
- Direct drill-down.

See a Unified View of Your Business

With NetSuite, transaction data flows from all of your retail channels to your warehouse and procurement departments. Invoice and expense data flows to the finance department and customer data flows to the marketing department. This gives the appropriate people in your organization real-time visibility into sales, inventory and customers across all channels and facilitates better decision making.

Manage by Metrics

Retailers can manage their businesses with key metrics and make timely, fact-based decisions with dashboard analytics ranging from inventory and sales reports to expenses and marketing campaign ROI. All statistics can be viewed as key performance indicators (KPIs), graphical report snapshots and trend graphs in real time.

“WITH NETSUITE, MULTIPLE LINES OF BUSINESS ARE INTEGRATED INTO A SINGLE PLATFORM AND THAT PROVIDES VISIBILITY FOR MANAGEMENT, FINANCE AND OUR INVENTORY TEAM.”
